Preface

List of contents

PHYLUM CHORDATA

Geological Chart of Vertebrate Succession

SUB-PHYLUM ADELOCHORDATA (HEMICHORDATA)

Classification

Class Enteropneusta

Types : *Balanoglossus*, *Saccoglossus*, *Dolichoglossus*

Class Pterobranchia

Affinities of Adelochordata

SUB-PHYLUM TUNICATA (UROCHORDATA)

Classification

Class Ascidiacea

Type : *Ascidia*, *Herdmania*

Classification and General Organisation

Affinities

Class Thaliacea

Classification

Order Doliolida (Cyclomyaria) : *Doliolum*

Order Pyrosomida : *Pyrosoma*

Order Salpida (Desmomyaria) : *Salpa*

Class Larvacea (Appendicularia)

General Organization

Affinities

SUB-PHYLUM ACRANIA* (CEPHALOCHORDATA)

Type : *Amphioxus* (*Branchiostoma*), The Lancelet

Affinities

SUB-PHYLUM CRANIATA (VERTEBRATA)

Diagnostic Characters of the Craniata

Classification

Super-Class Agnatha

Classification

Class Euphanerida

Class Petromyzontia

Types : Pet

EXCEPT, Rep. EXCERPT

Class Myxinoidea	...	69
General Character of Myxinoidea	...	72
Affinities of Extant Agnatha (Cyclostomata)	...	73
Super-Class Gnathostomata	...	73
Classification	...	73
Class Placodermi (Aphetohyoidae)	...	74
Class Elasmobranchii (Chondrichthyes) (Selachii)	...	74
Classification	...	74
Sub-class Selachii	...	74
Order Euselachii	...	74
✓ <u>Type : Scoliodon</u>		
Classification and General Organisation of Selachii	...	115
Order Euselachii	...	121
Sub-class Bradyodonti	...	121
Order Holocephali	...	121
General Organization of Holocephali	...	121
Class Osteichthyes	...	126
Sub-class Actinopterygii	...	126
Classification and General Organisation	...	127
Super-order Chondrostei	...	127
Order Acipenseroidae	...	128
Order Polypterini (Cladistia)	...	130
Affinities	...	131
Super-order Holostei	...	132
Order Semionotoidea	...	132
Order Amioidea	...	133
Super-order Teleostei	...	134
Type : <i>Rita rita</i> —A Cat-fish (Soft-parts)	...	135
<u><i>Labeo rohita</i></u> —A Carp (Skeleton)	...	158
Classification and General Organisation of Teleostei	...	177
Soft-rayed orders	...	178
Intermediate orders	...	179
Spiny-rayed orders	...	180
Sub-class Crossopterygii (Choanichthyes)	...	199
Classification	...	199
Order Rhipidistia	...	199
Sub-order Osteolepidoti	...	199
Sub-order Coelacanthini (Actinopterygii)	...	199
Order Dipnoi (Dipnoi)	...	199

	Page
...	20
...	20
Classification	21
General Organisation of Dipnoi	21
Affinities	21
Class Amphibia	21
✓ Type : <i>Rana tigrina</i>	23
Classification and General Organisation	24
Sub-class Apisidospondyli	24
Super-order Labyrinthodontia	24
Orders Ichthyostegalia; Rhachitomi; Sterospondyli;	24
Embolomeri ; Seymouriamorpha	24
Super-order Salientia (Anura, Batrachia)	24
Order Seymouriamorpha	24
Order Anura	24
Sub-class Lepospondyli	24
Order Urodela (Caudata)	24
Order Apoda (Gymnophiona, Caecilia)	26
Class Reptilia	26
Type : <i>Uromostix hardwickii</i> Gray (Soft parts)	26
<i>Varanus monitor</i> (Skeleton)	28
General Organisation and Classification of Class Reptilia	29
Evolution of temporal region	29
Classification	29
Sub-class Anapsida	29
Order Cotylosauria	29
Order Chelonia	29
Sub-class Lepidosauria	29
Order Rhynchocephalia	29
Order Squamata	29
Sub-order Lacertilia	29
Sub-order Ophidia	29
Sub-class Archosauria	29
Order Crocodilia	29
General Account of Chelonia	29
General Account of Rhynchocephalia	29
General Account of Lacertilia	30
General Account of Ophidia (Serpentes)	31
General Account of Crocodilia	31

(x) Contents

	Page
✓ Class Aves	...
Type : <i>Columba livia</i> (<u>The Domestic Pigeon</u>) (Soft Parts)	32
<i>Gallus domestica</i> (The Common Fowl) (Skeleton)	32
General Organisation and Classification	32
Evolution of birds	32
Sub-class Archaeornithes	32
Order Archaeopterygiformes	32
Sub-class Neornithes	32
Super-order Odontognathae	32
Super-order Palaeognathae (Ratitae)	32
Super-order Impennae	32
Super-order Neognathae (Carinatae)	32
General Account of Ratitae	32
General Account of Carinatae	32
Adaptation to flight	32
Kinds of flight	32
Bird migration	32
Development of Chick	32
✓ Class Mammalia	...
Type : <i>Oryctolagus cuniculus</i> — <u>The Rabbit</u>	...
General Organisation and Classification	...
Classification	...
Organisation, basic structure and structural variations in Mammals	...
✓ Sub-class Prototheria (Monotremata)	...
Order Monotremata	...
General Account	...
✓ Sub-class Theria	...
✓ Infra-class Metatheria (Marsupialia, Didelphia)	...
General Account	...
Skeleton	...
Classification of Metatheria	...

General Account and Classification	
Order Chiroptera	
General Account and Classification	
Order Dermoptera	
General Account	
Order Edentata	
General Account and Classification	
Order Pholidota	
General Account	
Order Primates	
Classification	
Sub-order Prosimii	
Infra-order Lemuriformes	
Infra-order Tarsiformes	
Infra-order Lorisiformes	
Sub-order Anthropoidea	
Cohort Glires	
Order Rodentia. General Account	
Order Lagomorpha. General Account	
Cohort Mutica	
Order Cetacea	
General Account	
Sub-orders Odontoceti ; Mysticeti (Mystacoceti)	
Cohort Ferungulata	
Super-order Ferae	
Order Carnivora	
General Account	
Sub-order Fissipedia	
Sub-order Pinnipedia	
Super-order Protoungulata	
Order Tubulidentata	
General Account	
Super-order Paenungulata (Sub-Ungulata)	
Order Hyrocoidea	
General Account	
Order Proboscidea	
General Account	
Order Sirenia	

<i>Contents</i>	Pages
General Account	506
Super-order Mesaxonia	507
Order Perissodactyla	507
General Account	507
Sub-order Hippomorpha	507
Super-family Equoidea	508
General Account	510
Sub-Order Ceratomorpha	510
Super-family Tapiroidea	510
Super-family Rhinocerotidea	510
Super-order Paraxonia	510
Order Artiodactyla	511
General Account	512
Sub-order Suiformes	512
Infra-order Suina ; Family Suidae	512
Infra-order Ancodonta ; Family Hippotamidae	512
Sub-order Tylopoda	513
Sub-order Ruminantia (Pecora)	513
Infra order Tragulina ; Family Tragulidae	514
Infra-order Pecora ; Families : Cervidae	514
Giraffidae	915
Bovidae	515
