

Robert D. Barnes

Invertebrate Zoology

Fourth Edition

3877

Contents

Chapter 1	
INTRODUCTION	1
 Chapter 2	
THE PROTOZOA	12
Summary	15
Phylum Mastigophora	15
Systematic Résumé of the Phylum Mastigophora	27
Summary	29
Phylum Sarcodina	29
Systematic Résumé of Phylum Sarcodina	40
Summary	42
The Sporozoans: Phyla Sporozoa and Cnidospora	42
Systematic Résumé of the Sporozoans	49
Summary	49
Phylum Ciliophora	49
Systematic Résumé of Phylum Ciliophora	68
Opalinids	70
Summary	70
 Chapter 3	
ORIGIN AND EVOLUTION OF THE METAZOANS	73
Symmetry	73
Body Architecture	73
Metazoan Embryogeny	75
Types of Cleavage and Embryonic Development	76
Origin of Metazoa	82
Synopsis of the Metazoan Phyla	85
 Chapter 4	
THE SPONGES	89
Physiology	98
The Classes of Sponges	104
Reproduction	106
The Phylogenetic Position of Sponges	109
Summary	109

Chapter 5	
THE CNIDARIANS AND CTENOPHORES	112
Cnidarian Histology and Physiology: Hydras	113
Summary	122
Class Hydrozoa	122
Systematic Résumé of Class Hydrozoa	139
Summary	139
Class Scyphozoa	139
Systematic Résumé of Class Scyphozoa	149
Summary	149
Class Anthozoa	150
Systematic Résumé of Class Anthozoa	169
Summary	170
The Ctenophores	171
Systematic Résumé of Phylum Ctenophora	176
Summary	178

Chapter 6	
CORAL REEFS	181
Distribution of Reefs	181
Reef Structure	182
Reef Ecosystem	191
Reef Formation	192
Reefs of the Past	197
Summary	200

Chapter 7	
THE FLATWORMS	202
Class Turbellaria	202
Systematic Résumé of the Class Turbellaria	229
Summary	230
Class Trematoda	230
Evolution of the Trematodes	242
Class Cestoda (Cestoidea)	242
Subclass Eucestoda	242
Subclass Cestodaria	246
Origin of the Cestodes	246
Host-Parasite Relationships	247
Phylum Mesozoa	247
Summary	249

Chapter 8	
THE NEMERTEANS	252
Systematic Résumé of Phylum Rhynchocoela	261
Summary	262

Chapter 9

THE ASCHELMINTHS 263

Phylum Gastrotricha	263
Systematic Résumé of Phylum Gastrotricha	272
Phylum Rotifera	272
Systematic Résumé of Phylum Rotifera	285
Phylum Kinorhyncha	286
Phylum Nematoda	288
Phylum Nematomorpha	307
Phylum Acanthocephala	309
Phylum Gnathostomulida	311
Phylogenetic Relationships	312
Summary	312

Chapter 10

THE MOLLUSKS 316

Summary	322
Class Gastropoda	322
Systematic Résumé of Class Gastropoda	375
Summary	377
Class Monoplacophora	379
Summary	381
Class Polyplacophora	381
Systematic Résumé of Class Polyplacophora	389
Summary	389
Class Aplacophora	389
Class Bivalvia	389
Systematic Résumé of Class Bivalvia	430
Summary	431
Class Scaphopoda	432
Summary	434
Class Cephalopoda	434
Systematic Résumé of Class Cephalopoda	460
Summary	461
The Origin of the Mollusks	462

Chapter 11

THE ANNELIDS 467

Summary	469
Class Polychaeta	469
Systematic Résumé of Class Polychaeta	526
Summary	528
Class Oligochaeta	528
Systematic Résumé of Class Oligochaeta	547
Summary	548
Class Hirudinea	548

Systematic Résumé of Class Hirudinea	562
Summary	563
Branchiobdellid Annelids	564

Chapter 12

INTRODUCTION TO THE ARTHROPODS; THE TRILOBITES

The Arthropods	567
Exoskeleton	567
Movement and Musculature	572
Coelom and Blood-Vascular System	575
Digestive Tract	575
Brain	575
Sense Organs	576
Reproduction and Development	580
Arthropod Classification	582
Synopsis of the Arthropod Classes	582
Summary	582
The Trilobites	583
Summary (subphylum Trilobitomorpha)	588

Chapter 13

THE CHELICERATES

Class Merostomata	590
Subclass Xiphosura	590
Subclass Eurypterida	595
Summary	595
Class Arachnida	596
The General Structure and Physiology of Arachnids	597
Summary of Class Arachnida	604
Order Scorpiones	604
Order Pseudoscorpiones	608
Order Solifugae	613
Order Palpigradi	614
Order Uropygi	614
Order Schizomida	615
Order Amblypygi	617
Order Araneae	619
Systematic Résumé of the Order Araneae	637
Order Ricinulei	642
Order Opiliones	642
Order Acarina	645
Systematic Résumé of the Order Acarina	653
Summary	654
Class Pycnogonida	654
Summary	658

Chapter 14

THE CRUSTACEANS	662
Summary	671
Systematic Résumé of Crustacea	672
Class Cephalocarida	672
Class Branchiopoda	672
Class Ostracoda	680
Systematic Résumé of Class Ostracoda	683
Class Copepoda	683
Systematic Résumé of Class Copepoda	692
Class Mystacocarida and Class Branchiura	692
Class Cirripedia	694
Systematic Résumé of Class Cirripedia	706
Summary	706
Class Malacostraca	707
Subclass Phyllocarida; Order Leptostraca	708
Subclass Eumalacostraca; Superorder Syncarida; Orders	
Anaspidacea and Bathynellacea	709
Superorder Hoplocarida and Order Stomatopoda	711
Superorder Eucarida	715
Order Euphausiacea	715
Order Decapoda	716
Systematic Résumé of the Order Decapoda	760
Summary	763
Superorder Peracarida	765
Order Mysidacea	765
Order Cumacea	767
Order Tanaidacea	768
Order Isopoda	769
Systematic Résumé of Order Isopoda	778
Order Amphipoda	779
Systematic Résumé of Order Amphipoda	789
Summary	790
Aspects of Crustacean Physiology	790
Crustacean Phylogeny	798
Summary	799

Chapter 15

UNIRAMIAN ARTHROPODS: ONYCHOPHORANS AND MYRIAPODS	804
Phylum Onychophora	804
Myriapodous Arthropods	810
Class Chilopoda	810
Systematic Résumé of Class Chilopoda	816
Class Symphyla	817
Class Diplopoda	818
Systematic Résumé of Class Diplopoda	825
Class Pauropoda	826
Summary	827

Chapter 16

THE INSECTS	829
External Morphology	830
Internal Anatomy and Physiology	834
Reproduction and Development	843
Parasitism	847
Communication	847
Social Insects	848
Systematic Résumé of Class Insecta, or Hexapoda	851
Summary	860

Chapter 17

SOME LESSER PROTOSTOMES	862
Phylum Pogonophora	862
Phylum Sipuncula	863
Phylum Echiura	870
Phylum Priapulida	873
Phylum Tardigrada	877
Phylum Pentastomida, or Linguatulida	880
Summary	880

Chapter 18

THE LOPHOPHORATES	884
Phylum Phoronida	886
Phylum Bryozoa	887
Systematic Résumé of Phylum Bryozoa	910
Phylum Entoprocta	910
Phylum Brachiopoda	914
Summary	922

Chapter 19

THE ECHINODERMS	925
Class Stelleroidea; Subclass Asteroidea	928
Systematic Résumé of Subclass Asteroidea	947
Summary	948
Class Stelleroidea; Subclass Ophiuroidea	949
Systematic Résumé of Subclass Ophiuroidea	960
Summary	960
Class Echinoidea	961
Systematic Résumé of Class Echinoidea	980
Summary	981
Class Holothuroidea	981
Systematic Résumé of Class Holothuroidea	995
Summary	996

Class Crinoidea	997
Systematic Résumé of Class Crinoidea	1005
Summary	1006
Fossil Echinoderms and Echinoderm Phylogeny	1007
Summary	1015
 Chapter 20	
THE LESSER DEUTEROSTOMES	1018
Phylum Hemichordata	1018
Hemichordate Phylogeny	1027
Summary	1028
Phylum Chordata	1028
Subphylum Urochordata	1028
Urochordate Phylogeny	1045
Summary	1045
Phylum Chaetognatha	1046
Summary	1049
 GLOSSARY OF RECURRING TERMS	1051
 INDEX	1055
