Introduction	xii
1. SUBKINGDOM AND PHYLUM PROTOZOA	1
General Account of Protozoa.	2
Subphylum Sarcomastigophora	7
Superclass Sarcodina	9
Class Rhizopoda	9
Type— <i>Amoeba proteus</i> .	7
Classification and general survey	9
Superclass Opalinata	19
Type— <i>Opalina</i> .	19
Superclass Mastigophora	19
Class Phytomastigophora	19
Type— <i>Euglena yirdis</i>	19
Class Zoomastigophora	21
Type— <i>Trypanosoma gambiense</i>	21
Classification and General Survey	22
Subphylum Sporozoa	29
Class Telesporea	29
Type—1. <i>Monocystis magna</i>	31
Type 2. <i>Eimeria perforans</i>	32
Classification and General Survey	34
Subphylum Cnidospora	34
Type— <i>Myxobolus</i>	36
Subphylum Ciliophora	36
Class Ciliata	36
Type— <i>Paramecium caudatum</i>	40
Classification and General Survey	44
Relationship of Protozoa with other organisms	45
Behaviour of Protozoa	46
Introduction to Subkingdom Metazoa	48
2. SUBKINGDOM PARAZOA	48
PHYLUM PORIFERA	48
Class Calcarea	48
Type— <i>Sycon gelatinosum</i>	51
General Account—	57
Classification and General Survey	60
3. SUBKINGDOM METAZOA	60
PHYLUM COELENTERATA (CNIDARIA)	60
Class Hydrozoa	60
Type 1.— <i>Hydra vulgaris</i>	60
Type 2.— <i>Obelia geniculata</i>	60

Classification and General Survey of Class Hydrozoa...	...	...	107
Class Scyphozoa	...	...	107
Type— <i>Aurelia aurita</i> //	...	...	107
Classification and General Survey	...	...	107
Class Actinozoa	...	...	107
Type— <i>Paulia crassicornis</i>	...	...	107
Classification and General Survey	...	...	107
4. PHYLUM CTENOPHORA ✓	...	...	107
Type— <i>Hormiphora plumosa</i>	...	...	107
General Account and Classification //	...	...	107
Affinities	...	...	107
5. PHYLUM PLATYHELMINTHES ✓	...	...	107
Class Turbellaria	...	...	107
Type— <i>Planaria (Dugesia)</i>	...	...	107
Classification	...	...	107
General Account	...	...	107
Affinities	...	...	107
Class Trematoda	...	...	107
Type— <i>Fasciola hepatica</i> //	...	...	107
Classification	...	...	107
General Account	...	...	107
Affinities	...	...	107
Class Cestodea	...	...	107
Type— <i>Taenia solium</i> //	...	...	107
Classification	...	...	107
General Account	...	...	107
Affinities	...	...	107
Mode of life in Platyhelminthes	...	...	107
6. PHYLUM ASCHELMINTHES ✓	...	...	107
Nemathelminthes	...	...	107
Class 1. Nematoda	...	...	107
Type— <i>Ascaris lumbricoides</i> //	...	...	107
Classification	...	...	107
General Account	...	...	107
Affinities	...	...	107
Class 2. Nematomorpha	...	...	107
Classification	...	...	107
Affinities	...	...	107
Class 3. Rotifera	...	...	107
Type— <i>Brachionus rubens</i>	...	...	107
Classification and General Accounts	...	...	107
Class 4. Gastrotricha	...	...	107
Type— <i>Chaetonotus maximus</i>	...	...	107
Classification and Affinities	...	...	107
Class 5. Kinorhyncha	...	...	107
Type— <i>Echinoderes</i>	...	...	107
Affinities	...	...	107
7. MINOR PHYLA //	...	...	107
MINOR ACOELOMATE PHYLA	...	...	107
1. PHYLUM NEMERTEA	...	...	107
Classification	...	...	107

2. PHYLUM ACAN...	...	...	107
Classification	...	...	107
3. PHYLUM ENTO...	...	...	107
Affinities	...	...	107
4. PHYLUM PRIA...	...	...	107
Affinities	...	...	107
5. PHYLUM MES...	...	...	107
Classification	...	...	107
Affinities	...	...	107
MINOR COE...	...	...	107
1. PHYLUM	...	...	107
Classification	...	...	107
Affinities	...	...	107
2. PHYLUM	...	...	107
Classification	...	...	107
Affinities	...	...	107
3. PHYLUM	...	...	107
Affinities	...	...	107
4. PHYLUM	...	...	107
Affinities	...	...	107
5. PHYLUM	...	...	107
Affinities	...	...	107
6. PHYLUM	...	...	107
Affinities	...	...	107
8. PHYLUM	...	...	107
Affinities	...	...	107

2. PHYLUM ACANTHOCEPHALA	...	...	187
Classification and Affinities	...	...	189
3. PHYLUM ENTOPROCTA (ENDOPROCTA)	...	...	190
Affinities	...	...	191
4. PHYLUM PRIAPULIDA	...	...	192
Affinities	...	...	193
5. PHYLUM MESOZOA	...	...	193
Classification	...	...	194
Affinities	...	...	195
MINOR COELOMATE PHYLA	...	...	196
1. PHYLUM BRYOZOA (ENTOPROCTA)	...	...	196
Classification and General Survey	...	...	199
Affinities	...	...	200
2. PHYLUM BRACHIOPODA	...	...	201
Classification and General Survey	...	...	203
Affinities	...	...	203
3. PHYLUM PHORONIDA	...	...	204
Affinities	...	...	207
4. PHYLUM CHAETOGNATHA	...	...	206
Type— <i>Sagitta</i>	...	...	207
Affinities	...	...	207
5. PHYLUM SIPUNCULOIDEA	...	...	207
Type— <i>Sipunculus</i>	...	...	208
Affinities	...	...	210
6. PHYLUM POGONOPHORA	...	...	210
Classification and Affinities	...	...	213
8. PHYLUM ANNELIDA	...	...	214
Class Polychaeta	...	...	214
Type— <i>Neries dumerilli</i>	...	...	214
Classification	...	...	223
General Account	...	...	227
Class Oligochaeta	...	...	236
Type— <i>Pheretima posthuma</i>	...	...	237
Classification	...	...	250
General Account	...	...	251
Affinities	...	...	256
Class Hirudinea	...	...	257
Type— <i>Hirudinaria granulosa</i>	...	...	257
Classification	...	...	274
Affinities	...	...	279
Class Archiannelida	...	...	279
Type— <i>Polygordius</i>	...	...	279

Affinities	285
Class Echiuroidea	285
Type— <i>Echinurus</i>	285
Affinities	285
9. PHYLUM ARTHROPODA	285
Subphylum Trilobitomorpha	285
Class Trilobita	285
General Account	285
Affinities	285
Subphylum Mandibulata	285
Class I. Crustacea	285
Type— <i>Palaemon malcolmsouli</i>	285
Classification	285
General Account	285
Affinities	285
Mutual relationship	285
Class II-Insecta	285
Type— <i>Poeciloceris pictus</i>	285
General Account	285
Classification and General Survey	285
Class III. Chilopoda	285
Type— <i>Scolopendra</i>	285
General Account	285
Class IV. Diplopoda	285
Class V. Pauropoda	285
Class VI. Symphyla	285
Subphylum Chelicerata	285
Class I. Arachnida	285
Classification	285
Class II. Merostomata	285
Subclass 1. Xiphosura	285
Subclass 2. Eurypterida	285
Class III. Pycnogonida (Pantopoda)	285
Affinities	285
Class IV. Tardigrada	285
Affinities	285
Class V. Pentastomida (Linguatulida)	285
Classification	285
Affinities	285
10. PHYLUM ONYCHOPHORA	285
Type— <i>Peripatus</i>	285
General Account	285
Affinities	285
11. PHYLUM MOLLUSCA	285
Class I. Amphineura (Loricata)	285
Type— <i>Chiton</i>	285
General Account	285
Affinities	285

Class II. Gas	285
Classification	285
General Account	285
Affinities	285
Class III. Sc	285
General Account	285
Affinities	285

Class IV. Lamell	285
Type— <i>Anod</i>	285
Classification	285
General Account	285
Class V. C	285
Type—	285
Classification	285
General Account	285
Affinities of	285

12. PHYLUM ECHIN	285
Subphylum Ele	285
Class I.	285
Type— <i>Ast</i>	285
General A	285
Classificat	285
Class II.	285
General A	285
Classifica	285
Class III	285
Type— <i>E</i>	285
General	285
Classifica	285
Class IV	285
Type— <i>C</i>	285
General	285
Classific	285
Subphylum J	285
Class V	285
Genera	285
Regeneratio	285
Affinities	285

INDEX
