PREFACE

I always extremely realized the need of such a book to meet all the requirements of the students. This book will prove (Insha-Allah) an excellent addition to the countless books already available in the market for School and College Students.

This is the most comprehensive book that contains no extra material. Simple, clear and lucid language is used in the book. The meaning of the large number of difficult words have been given in Urdu to enable you to understand each and every sentence.

The first edition of the book is now in your hands. It is you who can ensure an improvement in this book. All the valuable suggestions, sincere proposals and fair criticism would greatly be welcomed from both the honourable teachers and the students.

Hopping for your brilliant success.
