

International A/AS Level

ENDORSED BY

CAMBRIDGE
International Examinations

Physics

Chris Mee • Mike Crundell • Brian Arnold • Wendy Brown

Contents

Preface		iv
Chapter 1	Physical quantities and units	1
Chapter 2	Measurement techniques	18
Chapter 3	Kinematics	52
Chapter 4	Work, energy and power	72
Chapter 5	Force and collisions	113
Chapter 6	Thermal physics	133
Chapter 7	Electricity	164
Chapter 8	Waves	199
Chapter 9	Photons, electrons and atoms	237
Chapter 10	Circular motion and oscillations	254
Chapter 11	Fields	281
Chapter 12	Electromagnetism	314
Chapter 13	Nuclear physics	347
Chapter 14	Electronic sensors	379
Chapter 15	Remote sensing	400
Chapter 16	Communication	425
Answers		453
Index		463
Acknowledgements		468
