

Economics

MADE SIMPLE

2222

GEOFFREY WHITEHEAD, B.Sc. (Econ.)

FOREWORD

v

*SECTION ONE: INTRODUCTION***1 SOME BASIC IDEAS**

(1) What is Economics?	1
(2) 'Wants' and 'Utilities'	1
(3) The Production of Utilities	1
(4) The Factors of Production	2
(5) The Organization of Production	2
(6) Consumption and Production	3
(7) Scarcity and Choice	3
(8) Cost and Opportunity Cost	3
(9) 'Free' Economies, 'Controlled' Economies and 'Mixed' Economies	5
(10) Summary of Chapter One	5
(11) Suggested Further Reading	6
Exercises Set 1	6

*SECTION TWO: PRODUCTION***2 BASIC IDEAS ON PRODUCTION**

(1) What Does an Economist Understand by 'Production'?	7
(2) The Three Classes of Production	8
(3) Direct Production and Indirect Production	8
(4) Specialization and the Division of Labour	9
(5) The Disadvantages of Specialization	13
(6) Limitations to the Division of Labour	15
(7) Production and Welfare	16
(8) The Pattern of Production in an Advanced Economy	16
(9) Summary of Chapter Two	16
(10) Suggested Further Reading	17
Exercises Set 2	17

3 THE FACTORS OF PRODUCTION

(1) Introduction	18
(2) The Factors of Production—Land	18
(3) The Factors of Production—Labour	21
(4) The Factors of Production—Capital	23
(5) Is the Entrepreneur a Factor of Production?	27
(6) Combining the Factors of Production	28
(7) Summary of Chapter Three	29
(8) Suggested Further Reading	29
Exercises Set 3	

4 THE TYPES OF BUSINESS UNIT

- (1) Introduction
 - (2) Types of Business Unit
 - (3) Sole-trader Enterprises
 - (4) Partnerships
 - (5) Limited Partnerships
 - (6) The Private Limited Company and the Public Limited Company
 - (7) Non-profitmaking Units
 - (8) The Public-enterprise Sector of the Economy
 - (9) Nationalization in Britain
 - (10) Summary of Chapter Four
 - (11) Suggested Further Reading
- Exercises Set 4

5 THE SCALE OF PRODUCTION

- (1) The Plant, the Firm, and the Industry
 - (2) Size of Production Units
 - (3) Economies of Scale
 - (4) Diseconomies of Scale
 - (5) The Optimum Firm
 - (6) Small-scale Business Units
 - (7) The Advantages and Disadvantages of Small-scale Production
 - (8) Combination of Business Units
 - (9) Returns to Scale
 - (10) Summary of Chapter Five
 - (11) Suggested Further Reading
- Exercises Set 5

6 THE LOCATION OF PRODUCTION

- (1) The Theory of Location
 - (2) Causes of Location
 - (3) Industrial Inertia
 - (4) The Drift to the South-east in Great Britain
 - (5) Localization of Production
 - (6) Summary of Chapter Six
 - (7) Suggested Further Reading
- Exercises Set 6

SECTION THREE: THE THEORY OF PRICE DETERMINATION**7 BASIC IDEAS OF DEMAND**

- (1) Definition of Demand
- (2) The Conditions of Demand
- (3) A Personal Demand Schedule
- (4) A Composite Demand Schedule
- (5) The General Demand Curve
- (6) Extensions and Contractions of Demand

63

63

63

65

66

68

68

Table of Contents

		ix
	(7) Regressive Demand Curves	69
	(8) Choosing a 'Basket of Goods'—Marginal Utility as the Basis of Demand	72
	(9) Summary of Chapter Seven	75
	(10) Suggested Further Reading	76
	Exercises Set 7	76
✓	8 BASIC IDEAS OF SUPPLY	77
	(1) Definition of Supply	77
	(2) Factors Affecting Supply	77
	(3) Individual Supply Schedules	79
	(4) A Composite Supply Schedule	79
	(5) A General Supply Curve	81
	(6) Extensions, Contractions, and Changes in Supply	81
	(7) Regressive Supply Curves	82
	(8) Deciding to Supply—Marginal Cost and Marginal Revenue as the Basis of the Firm's Output	83
	(9) Summary of Chapter Eight	88
	(10) Suggested Further Reading	90
	Exercises Set 8	90
✓	9 HOW PRICE IS DECIDED IN PERFECT MARKETS	92
	(1) Equilibrium in the Markets	92
	(2) Demand and Supply Schedules in Equilibrium	92
	(3) Diagrammatic Presentation of Equilibrium Price	93
	(4) Changes in Price under the Influence of Changes in Demand and Supply	93
	(5) The Effect of Price on Firms in Competitive Industries	96
	(6) When Will a Firm with Specific Assets Leave the Industry?	96
	(7) Summary of the 'Laws' of Demand and Supply	98
	(8) Summary of Chapter Nine	99
	(9) Suggested Further Reading	99
	Exercises Set 9	99
✓	10 ELASTICITY OF DEMAND AND SUPPLY	101
	(1) Definition of Elasticity	101
	(2) The Price Elasticity of Demand	101
	(3) Five Typical Cases of Price Elasticity of Demand	102
	(4) Total Revenue and the Elasticity of Demand	103
	(5) What Determines the Elasticity of Demand?	104
	(6) The Importance of Elasticity of Demand	106
	(7) Income Elasticity of Demand	108
	(8) Cross Elasticity of Demand	109
	(9) The Price Elasticity of Supply	110
	(10) Price Fluctuations and the Elasticity of Supply and Demand	111
	(11) Summary of Chapter Ten	112
	(12) Suggested Further Reading	114
	Exercises Set 10	114

11 COMPETITIVE MARKETS—THE INSTITUTIONS WHERE PRICE IS DECIDED

- (1) Definition
- (2) Competitive Markets in Great Britain
- (3) Methods of Dealing
- (4) Specialists who Promote Perfection in the Markets
- (5) How Speculation Works
- (6) 'Spot' Markets and 'Futures' Markets
- (7) Hedges—Shelter from the Bitter Economic Winds
- (8) The Economic Status of Speculation
- (9) Summary of Chapter Eleven
- (10) Suggested Further Reading
- Exercises Set 11

12 PRICE DETERMINATION UNDER MONOPOLY CONDITIONS

- (1) What is Monopoly?
- (2) Monopolists are Subject to the Authority of the Consumer
- (3) The Demand Curve and the Marginal-revenue Curve of a Monopolist
- (4) Where will a Monopolist Cease Production and hence Determine Price?
- (5) The Monopolist and the Elasticity of Demand
- (6) Monopolistic Competition
- (7) The Characteristics of Monopolistic Competition
- (8) Determination of Prices under Monopolistic Competition
- (9) Conclusions about Monopolistic Competition
- (10) Summary of Chapter Twelve
- (11) Suggested Further Reading
- Exercises Set 12

13 FURTHER ASPECTS OF DEMAND AND SUPPLY

- (1) Interrelated Demands
- (2) Interrelated Supply
- (3) The Revealed Preference Theory
- (4) The Theory of Choice—Indifference-curve Analysis
- (5) Price Controls
- (6) Market Price and Normal Price
- (7) Supply Curves
- (8) Discriminating Monopoly
- (9) Summary of Chapter Thirteen
- (10) Suggested Further Reading
- Exercises Set 13

SECTION FOUR: EXCHANGING THE FRUITS OF PRODUCTION

14 EXCHANGE AND MONEY

- (1) Specialization and Exchange
- (2) Exchange by Barter

Table of Contents

xi

(3) The Functions of Money	160
(4) Exchanging Surpluses through the Money System	161
(5) The Characteristics of Money	163
(6) Types of Money	164
(7) Convertible Currencies	165
(8) The Value of Money	166
(9) An Index of Prices	166
(10) Summary of Chapter Fourteen	167
(11) Suggested Further Reading	167
Exercises Set 14	168

15 THE DISTRIBUTION OF WEALTH— REWARDS TO FACTORS	169
(1) The Importance of Distribution Theory	169
(2) David Ricardo	169
(3) John Stuart Mill	170
(4) Rewards to Factors	171
(5) The Market for Factors	172
(6) The Demand for Factors—a Derived Demand	173
(7) The Marginal Productivity Theory of Factor Prices— the Demand Side	173
(8) The Marginal Productivity Theory of Factor Prices— the Supply Side	174
(9) Criticisms of the Marginal Productivity Theory	175
(10) The Rewards to Factors	176
(11) Economic Rents—How the Idea Started	176
(12) Rents, Quasi-Rent, and Elasticity of Supply	178
(13) Are Rents Price-determining or Price-determined?	180
(14) Summary of Chapter Fifteen	180
(15) Suggested Further Reading	181
Exercises Set 15	181

16 REWARDS TO FACTORS—RENT	183
(1) Rent—the Reward to Land	183
(2) The Demand for Land	183
(3) The Supply of Land	184
(4) The Price of Land	185
(5) Elasticity of Supply of Land—Rent of Situation	185
(6) Summary of Chapter Sixteen	186
(7) Suggested Further Reading	186
Exercises Set 16	187

17 REWARDS TO FACTORS—WAGES	188
(1) Wages—the Reward to Labour	188
(2) Wage-rates and Earnings	188
(3) Money Wages and Real Wages	189
(4) Early Theories about Wages	190
(5) The Marginal Productivity Theory of Wages	193
(6) The Bargaining Theory of Wages	196
(7) 'Economic Rent' and Wages	198
