

The background is a complex digital composition in shades of blue. At the top, a world map is visible, with the continents of Africa, Europe, and Australia highlighted in a lighter blue. Below the map, a large, glowing globe with a bright white center is positioned on the left. To the right of the globe, a red line graph trends upwards, accompanied by a series of blue vertical bars resembling a bar chart. The entire scene is overlaid with a grid of glowing lines and points, creating a high-tech, data-driven aesthetic.
