THE INVERTEBRATE ZOOLOGY

HAMID KHAN BHATTI
TAJAMMUL HUSSAIN HASHIMI

THE CARAVAN BOOK HOUSE LAHORE
KITCHERY ROAD, LAHORE

Contents

	Page
Preface	v
List of contents	vii
Introduction	xii
1. SUBKINGDOM AND PHYLUM PROTOZOA	1
✓ General Account of Protozoa	2
Subphylum Sarcomastigophora.	7
Superclass Sarcodina	9
Class Rhizopoda	9
Type— <i>Amoeba proteus</i> .	7
Classification and general survey	9
Superclass Opalinata	19
Type— <i>Opalina</i> .	19
Superclass Mastigophora	19
Class Phytomastigophora	19
Type— <i>Euglena viridis</i>	19
Class Zoomastigophora	21
Type— <i>Trypanosoma gambiense</i>	21
Classification and General Survey	22
Subphylum Sporozoa	29
Class Telesporea	29
Type—1. <i>Monocystis magna</i>	29
Type 2. <i>Eimeria perforans</i>	31
Classification and General Survey	32
Subphylum Cnidospora	34
Type— <i>Myxobolus</i>	34
Subphylum Ciliophora	36
Class Ciliata	36
✓ Type— <i>Paramecium caudatum</i>	36
Classification and General Survey	40
Relationship of Protozoa with other organisms	44
Behaviour of Protozoa	45
Introduction to Subkingdom Metazoa	46
2. SUBKINGDOM PARAZOA	48
✓ PHYLUM PORIFERA	48
Class Calcarea	48
✓ Type— <i>Sycon gelatinosum</i>	48
General Account—	51
Classification and General Survey	57
3. SUBKINGDOM METAZOA	60
PHYLUM COELENTERATA (CNIDARIA)	60
Class Hydrozoa	60
Type 1.— <i>Hydra vulgaris</i>	60
✓ Type 2.— <i>Obelia geniculata</i>	66

Classification and General Survey of Class Hydrozoa...	72
Class Scyphozoa	84
Type— <i>Aurelia aurita</i>	84
Classification and General Survey	89
Class Actinozoa	93
Type— <i>Taelia crassicornis</i>	93
Classification and General Survey	97
4. PHYLUM CTENOPHORA	107
Type— <i>Hormiphora plumosa</i>	107
General Account and Classification	111
Affinities	115
5. PHYLUM PLATYHELMINTHES	117
Class Turbellaria	117
Type— <i>Planaria (Dugesia)</i>	117
Classification	124
General Account	124
Affinities	132
Class Trematoda	133
Type— <i>Fasciola hepatica</i>	133
Classification	137
General Account	137
Affinities	142
Class Cestoidea	142
Type— <i>Taenia solium</i>	142
Classification	147
General Account	150
Affinities	153
Mode of life in Platyhelminthes	154
6. PHYLUM ASCHELMINTHES	157
Nemathelminthes	157
Class 1. Nematoda	158
Type— <i>Ascaris lumbricoides</i>	158
Classification	164
General Account	165
Affinities	169
Class 2. Nematomorpha	169
Classification	170
Affinities	170
Class 3. Rotifera	170
Type— <i>Brachionus rubens</i>	170
Classification and General Accounts	173
Class 4. Gastrotricha	178
Type— <i>Chaetonotus maximus</i>	178
Classification and Affinities	179
Class 5. Kinorhyncha	180
Type— <i>Echinoderes</i>	180
Affinities	181
7. MINOR PHyla	182
MINOR ACOELOMATE PHyla	182
1. PHYLUM NEMERTEA (RHYNCHOCEPHALA)	182
Classification	183
General Account	183

2. PHYLUM ACANTHOCEPHALA	187
Classification and Affinities	189
3. PHYLUM ENTOPROCTA (ENDOPROCTA)	190
Affinities	191
4. PHYLUM PRIAPULIDA	192
Affinities	193
5. PHYLUM MESOZOA	193
Classification	194
Affinities	195
MINOR COELOMATE PHYLA	196
1. PHYLUM BRYOZOA (ENTOPROCTA)	196
Classification and General Survey	199
Affinities	200
2. PHYLUM BRACHIOPODA	201
Classification and General Survey	203
Affinities	203
3. PHYLUM PHORONIDA	204
Affinities	207
4. PHYLUM CHAETOGNATHA	206
Type— <i>Sagitta</i>	207
Affinities	207
5. PHYLUM SIPUNCULOIDEA	207
Type— <i>Sipunculus</i>	208
Affinities	210
6. PHYLUM POGONOPHORA	210
Classification and Affinities	213
✓ 8. PHYLUM ANNELIDA	214
Class Polychaeta	214
Type— <i>Neries dumerilli</i>	214
Classification	223
General Account	227
Class Oligochaeta	236
Type— <i>Pheretima posthuma</i>	237
Classification	250
General Account	251
Affinities	256
Class Hirudinea	257
Type— <i>Hirudinaria granulosa</i>	257
Classification	274
Affinities	279
Class Archiannelida	279
Type— <i>Polygordius</i>	279

Affinities	282
Class Echiuroidea	282
Type— <i>Echiurus</i>	282
Affinities	282
9. PHYLUM ARTHROPODA	282
Subphylum Trilobitomorpha	282
Class Trilobita	282
General Account	282
Affinities	282
Subphylum Mandibulata	282
Class I. Crustacea	282
Type— <i>Palaemon malcolmsonii</i>	282
Classification	282
General Account	282
Affinities	282
Mutual relationship	282
Class II-Insecta	282
Type— <i>Poeciloceris pictus</i>	282
General Account	282
Classification and General Survey	282
Class III. Chilopoda	282
Type— <i>Scolopendra</i>	282
General Account	282
Class IV. Diplopoda	282
Class V. Pauropoda	282
Class VI. Symphyla	282
Subphylum Chelicerata	282
Class I. Arachnida	282
Classification	282
Class II. Merostomata	282
Subclass 1. Xiphosura	282
Subclass 2. Eurypterida	282
Class III. Pycnogonida (Pantopoda)	282
Affinities	282
Class IV. Tardigrada	282
Affinities	282
Class V. Pentastomida (Linguatulida)	282
Classification	282
Affinities	282
10. PHYLUM ONYCHOPHORA	282
Type— <i>Peripatus</i>	282
General Account	282
Affinities	282
11. PHYLUM MOLLUSCA	282
Class I. Amphineura (Loricata)	282
Type— <i>Chiton</i>	282
General Account	282

Class II. Gastropoda	...	...	419
Classification	...	...	419
General Account	...	...	420
Affinities	...	...	430
Class III. Scaphopoda	...	...	431
General Account	...	...	431
Affinities	...	...	432
Class IV. Lamellibranchiata (Bivalvia)	...	...	432
Type— <i>Anodonta, Unio</i>	...	...	432
Classification	...	...	439
General Account	...	...	440
Class V. Cephalopoda	...	...	449
Type— <i>Sepia officinalis</i>	...	...	449
Classification	...	...	457
General Account	...	...	458
Affinities of Mollusca	...	...	465
12. PHYLUM ECHINODERMATA	...	...	466
Subphylum Eleutherozoa	...	...	466
Class I. Asteroidea	...	...	466
Type— <i>Asterias</i>	...	...	466
General Account	...	...	476
Classification	...	...	480
Class II. Ophiuroidea	...	...	482
General Account	...	...	482
Classification	...	...	484
Class III. Echinoidea	...	...	484
Type— <i>Echinus</i> (Sea Urchin)	...	...	484
General Account	...	...	489
Classification	...	...	491
Class IV. Holothuroidea	...	...	492
Type— <i>Cucumaria</i>	...	...	492
General Account	...	...	495
Classification	...	...	496
Subphylum Pelmatozoa	...	...	497
Class V. Crinoidea	...	...	497
General Account	...	...	497
Regeneration in Echinoderms	...	...	500
Affinities	...	...	500
INDEX	...	...	502
