

MASTER SLICERS SERIES

Revised & Enlarged

TEXT BOOK OF Botany

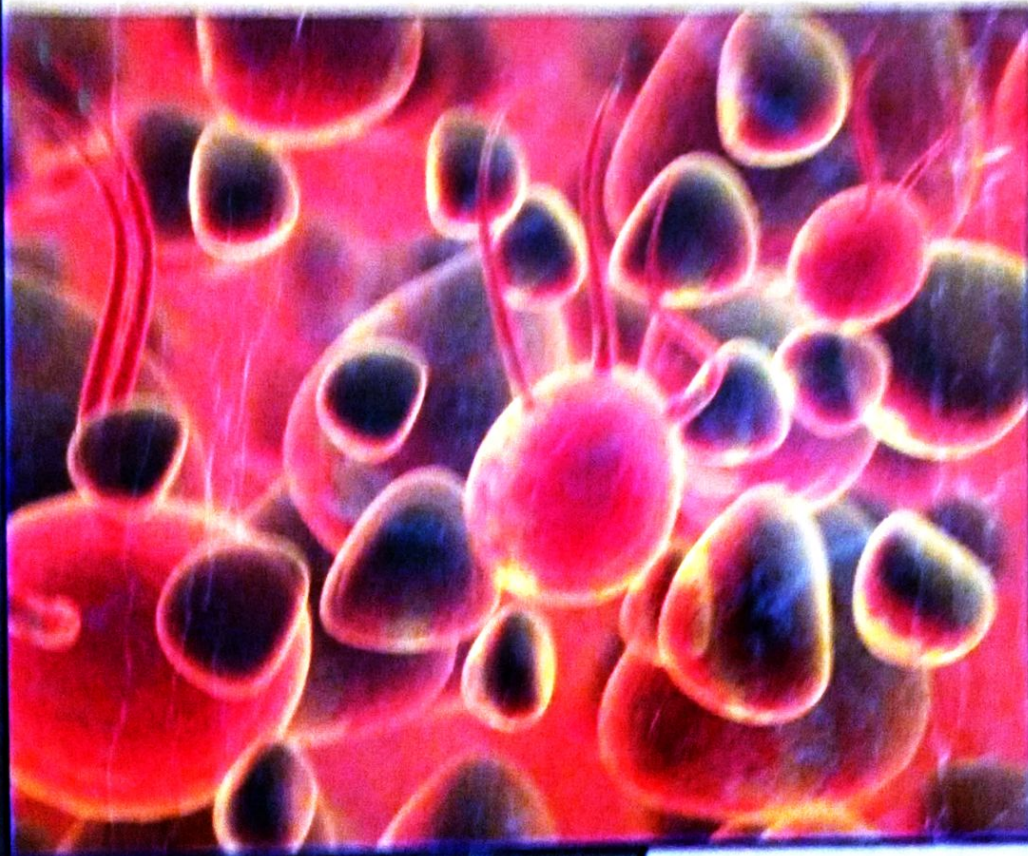

Cell Biology, Genetics & Evolution

Paper C

15419

B.Sc. (Two Years): Paper C

B.S. (Four Years): Semester III

Prof. Iftikhar Ahmad Khan
Prof. Riaz-ul-Haq Ramay

CONTENTS

Cell biology		Page
No.	Chapter	
1.	Structure and functions of biomolecules	8
2.	Plasma membrane and Cytoplasm	44
3.	Ultrastructure of Cell	59
4.	Nucleus and Chromosome	87
5.	Reproduction in Cell	105
6.	Chromosomal Aberrations	120

Genetics & Evolution

Genetics & Evolution		Page
No.	Chapter	
1.	Mendelian Inheritance	140
2.	Sex Linked Inheritance	170
3.	Linkage and Crossing Over	191
4.	Molecular Genetics	205
5.	Transmission of genetic material in Bacteria	232
6.	Genetic Engineering and Biotechnology	244
7.	Application of genetic in Plant improvement	256
8.	Genetic Conservation	282
9.	Evolution	286
10.	Germ plasm conservation (only for B.S)	305
11.	Evolution (II) for (B.S. only)	310
