# The ZOOLOGY COLORING BOOK

SKULL<sup>A</sup>  
UPPER JAW<sup>B</sup>  
ROOF OF  
NASAL REGION<sup>C</sup>  
ROOF OF BRAIN<sup>D</sup>  
ROOF OF AUDITORY  
REGION<sup>E</sup>  
BONES OF PALATE<sup>F</sup>  
BACK<sup>G</sup>  
VERTEBRAL COLUMN<sup>H</sup>  
ATLAS<sup>I</sup>  
DORSAL VERTEBRA<sup>J</sup>  
SACRAL VERTEBRA<sup>K</sup>  
UROSTYLE<sup>L</sup>  
PECTORAL GIRDLE<sup>M</sup>  
FORELIMB<sup>N</sup>  
HUMERUS<sup>O</sup>  
RADIOULNA<sup>P</sup>

# TABLE OF CONTENTS

---

## PLATE

- 1 Introduction to the Microscope
- 2 Organization of the Animal Kingdom: Major Phyla
- 3 Introduction to Protozoans: Phylum Protozoa
- 4 Paramecium
- 5 Amoeba
- 6 Euglena
- 7 Malaria
- 8 Introduction to Sponges: Phylum Porifera
- 9 Anatomy of Some Sponges
- 10 Mitosis
- 11 Reproduction Among Protozoans and Sponges
- 12 Introduction to Coelenterates: Phylum Coelenterata
- 13 Hydra
- 14 Stinging Capsule
- 15 Obelia Colony
- 16 Hydromedusa (Gonionemus)
- 17 Common Jellyfish (Aurelia)
- 18 Sea Anemone
- 19 Coral and Coral Reefs

- 20 Introduction to Flatworms: Phylum Platyhelminthes
- 21 Planaria
- 22 Asian Liver Fluke
- 23 Life Cycle of the Asian Liver Fluke
- 24 Pork Tapeworm
- 25 Life Cycle of the Pork Tapeworm
- 26 Introduction to Unsegmented Worms
- 27 Proboscis Worm
- 28 Ascaris
- 29 Pinworm/Hookworm Infection
- 30 Trichina Worm Infection
- 31 Introduction to Segmented Worms: Phylum Annelida
- 32 Clamworm
- 33 Earthworm: I External Surface, Digestive and Excretory Systems
- 34 Earthworm: II Nervous and Circulatory Systems
- 35 Earthworm: III Reproductive System
- 36 Earthworm: IV Cross Sectional View and Locomotion
- 37 Medicinal Leech
- 38 Introduction to Arthropods: I Phylum Arthropoda (The Chelicerates)
- 39 Spider: I External Structure
- 40 Spider: II Internal Structure
- 41 Introduction to Arthropods: II Phylum Arthropoda (The Mandibulates)
- 42 Crayfish: I External Structure
- 43 Crayfish: II Internal Structure
- 44 Comparison of Some Crustacean Body Forms
- 45 Some Beneficial/Harmful Insects
- 46 Grasshopper: I External Structure

- 47 Grasshopper: II Internal Structure
- 48 Grasshopper: III Internal Structure
- 49 Lovely Lepidopterans
- 50 Metamorphosis: Growing Up
- 51 Introduction to Molluscs: Phylum Mollusca
- 52 Land Snail
- 53 Clam: I External Structure
- 54 Clam: II Internal Structure
- 55 Clam: III Circulatory System
- 56 Squid: I External Structure
- 57 Squid: II Internal Structure
- 58 Introduction to Echinoderms: Phylum Echinodermata
- 59 Sea Star: I External Structure
- 60 Sea Star: II Internal Structure
- 61 Introduction to Chordates: Phylum Chordata
- 62 Animal Development: I Meiosis and Fertilization
- 63 Animal Development: II Annelid, Arthropod and Mollusc Development
- 64 Animal Development: III Echinoderm and Chordate Development
- 65 Animal Development: IV Mesoderm and Coelom Formation
- 66 Animal Development: V Types of Bodywall/Body Cavity
- 67 Tunicate Metamorphosis
- 68 Amphioxus
- 69 Vertebrate Organization
- 70 Introduction to Fishes
- 71 Lamprey and Its Larva
- 72 Shark and Bony Fish: A Comparison
- 73 Shark: I Skeleton

- 74 Shark: II Circulatory and Nervous Systems
- 75 Shark: III Urogenital System
- 76 Bony Fish: I Skeleton
- 77 Bony Fish: II Internal Viscera
- 78 Introduction to Amphibians and Reptiles: Class Amphibia, Class Reptilia
- 79 Frog: I Skeleton
- 80 Frog: II Musculature (Ventral Surface)
- 81 Frog: III Musculature (Dorsal Surface)
- 82 Frog: IV Dissection
- 83 Frog: V Heart and Arterial System
- 84 Frog: VI Venous System
- 85 Frog: VII Digestive and Respiratory Systems
- 86 Frog: VIII Urogenital System
- 87 Frog: IX Nervous System
- 88 Introduction to Birds: Class Aves
- 89 Pigeon: Skeleton and Feathers
- 90 Introduction to Mammals: Class Mammalia
- 91 Fetal Pig: I Skeleton
- 92 Fetal Pig: II Superficial Dissection
- 93 Fetal Pig: III Deep Dissection
- 94 Fetal Pig: IV Heart and Arterial System
- 95 Fetal Pig: V Venous System
- 96 Fetal Pig: VI Respiratory and Urinary Systems
- 97 Fetal Pig: VII Digestive System
- 98 Fetal Pig: VIII Reproductive System
- 99 Fetal Pig: IX Nervous System
- 100 Specialization of Vertebrate Skin

- 101 Correlative Support Systems
- 102 Correlative Muscular Arrangements
- 103 Correlative Circulatory Patterns
- 104 Correlative Respiratory Systems
- 105 Correlative Digestive Systems
- 106 Correlative Excretory/Urinary Mechanisms
- 107 Correlative Nervous Systems
