

ALL ABOUT BIOLOGY

*Brian Beckett &
RoseMarie Gallagher*

OXFORD

Contents

1 THE VARIETY OF LIFE

- 1-1 Living things 2
- 1-2 Sorting and naming 4
- 1-3 Groups of living things 6
- 1-4 Simple organisms 8
- 1-5 Look no bones! I 10
- 1-6 Look no bones! II 12
- 1-7 Animals with bones I 14
- 1-8 Animals with bones II 16
- 1-9 Plants 18
- Questions and investigations 20

2 CELLS, HEREDITY, AND EVOLUTION

- 2-1 What are cells? 22
- 2-2 How living things grow 24
- 2-3 In and out of cells 26
- 2-4 Cell division 28
- 2-5 Heredity and variation 30
- 2-6 Chromosomes and genes 32
- 2-7 More about chromosomes 34
- 2-8 More about genes 36
- 2-9 Evolution 38
- Questions and investigations 40

3 FLOWERING PLANTS

- 3-1 Flowering plants 42
- 3-2 Leaves 44
- 3-3 Transport and support in plants 46
- 3-4 Transpiration 48
- 3-5 Flowers 50
- 3-6 How fruits and seeds begin 52
- 3-7 More about fruits and seeds 54
- 3-8 How seeds grow into plants 56
- 3-9 Plant senses 58
- 3-10 Asexual reproduction 60
- 3-11 Artificial propagation 61
- Questions and investigations 62

4 SUPPORT, RESPIRATION, AND BREATHING

- 4-1 Skeletons 64
- 4-2 More about the human skeleton 66
- 4-3 Muscles and movement 68
- 4-4 Respiration 70
- 4-5 Lungs and gas exchange 72
- Questions and investigations 74

5 CIRCULATION, TEMPERATURE CONTROL, AND EXCRETION

- 5-1 The heart 76
- 5-2 What makes blood flow 78
- 5-3 Heart disease 80
- 5-4 What blood is 82
- 5-5 What blood does 84
- 5-6 How oxygen and food reach cells 85
- 5-7 Skin and temperature 86
- 5-8 Excretion 88
- Questions and investigations 90

6 FEEDING AND DIGESTION

- 6-1 Food 92
- 6-2 Eating for health 94
- 6-3 Food additives 96
- 6-4 Teeth 97
- 6-5 Digestion 98
- 6-6 A closer look at digestion 100
- 6-7 Absorption, and the liver 102
- 6-8 Biotechnology 104
- Questions and investigations 106

7 SENSES AND COORDINATION

- 7-1 Touch, taste, and smell 108
- 7-2 The eye 110
- 7-3 Vision 112
- 7-4 The nervous system 114
- 7-5 The brain 116
- 7-6 Hormones 117
- Questions and investigations 118

8 REPRODUCTION

- 8-1 Two kinds of reproduction 120
- 8-2 Human reproduction I 122
- 8-3 Human reproduction II 124
- 8-4 Life before birth 126
- 8-5 Birth, and birth control 128
- 8-6 Population 130
- Questions and investigations 132

9 LIVING THINGS AND THEIR ENVIRONMENT

- 9-1 Depending on each other 134
- 9-2 The carbon cycle 136
- 9-3 The nitrogen cycle 137
- 9-4 Soil 138
- 9-5 The water cycle 140
- 9-6 Water pollution 141
- 9-7 More about pollution 142
- 9-8 Conservation and ecology 144
- Questions and investigations 146

10 HEALTH AND HYGIENE

- 10-1 Germs, disease and infection 148
- 10-2 Smoking and ill-health 150
- 10-3 Health warning 152
- Questions and investigations 154
